Utah Division of Facilities,
Construction and Management
Attention: Blake Court, Program Director

Re: DFCM Project No. HE97055
Utah State Children's Health Care Clinic

Dear Mr. Court:

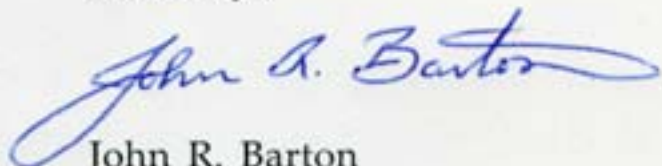

Subject: Arco Electric

We have been asked to provide this prequalification letter for Arco Electric. This fine company is well financed, adequately equipped and has tremendous experience in the electrical construction industry. In summary, Arco has successfully compiled an enviable construction record, and has provided outstanding performance for clients in the private, institutional and government sectors.

Arco's bonding capacity exceeds \$20,000,000. We are prepared to issue a 100% payment and performance bond for your work on this project, upon receipt of an acceptable contract to the contractor and the surety. The American Casualty Company of Reading, PA (CNA Plaza, Chicago, IL 60685) has been the surety for Arco for the past six years. The surety has never had to complete any of the contractor's work or pay a claim. We have never been contacted by a dissatisfied owner.

Our recommendation of this contractor is without reservation. If further information is required, or if you have any questions, please do not hesitate to contact our office.

Sincerely,

John R. Barton
