Dear Brad:

The humanitarian project at the Hamilton house on 8612 South Center Street was a huge success!

Thank you for partnering with the Sandy Police Department's COP Program and the Sandy Community Action Team in making it a success. Your willingness to contribute materials, time and the energies of yourself and your employees to this much needed project made it possible to so richly bless the lives of the Hamiltons, and to better the community. Thank You!

Your sense of community spirit was a source of inspiration to all who were involved.

Sincerely,
